

PARKING PROCEDURES AND TRAFFIC FLOW:

Staff - Staff will park at the South end of the building (except for the last 3 & 4 spaces indicated for ECE, the North end of the building (on the circle and in the dirt parking lot). There will be no parking on the North end of the building against the building as in the past. That is to be kept clear. The only exception to this rule of parking will be on Assembly days, and performance days. Those days - parking will be eliminated at the South end (to be left open for Parents) and staff may park behind school. Principal and Secretary will always park in back.

Parents: You will now enter the North end of the parking lot, drop off your students next to the sidewalks and exit to the left through the alley. There is no parking there unless you must come to the office to pick up a child or escort them in for some reason. This area is to be kept clear. There is NO car traffic behind the school at any time.

ECE Parents: Preschool parents will drop off and pick up at the South end of the building at South end door. Cars are to pull in, park and exit South end. NO car traffic behind the school at any time.

BUS TRANSPORTATION: All Buses will enter South end of parking lot and proceed to back door to drop off all students. They will also pick up students there at the end of the day. They will then proceed around building and exit at the North end.

NO CAR TRAFFIC IS PERMITTED BEHIND BUILDING AT ANYTIME - IF YOU ARE PICKING UP YOUR CHILD DURING THE DAY - YOU MUST PARK AT THE NORTH END DROP OFF ZONE AND PROCEED TO THE FRONT DOORS TO THE OFFICE. THEN YOU WILL EXIT VIA THE ALLEY.

ALL WALKERS AND ANYONE ENTERING BUILDING (EXCEPT FOR BUS STUDENTS) WILL USE FRONT DOORS.
